

BENGUET STATE UNIVERSITY  
College of Arts and Sciences

# Department of Biology

In partnership with

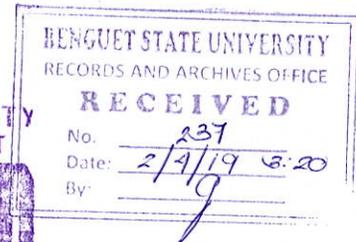

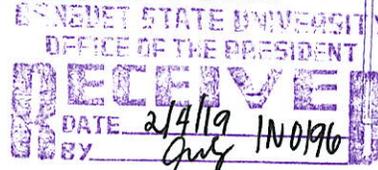

## **Young Environmentalists' Society**

# **“Seminar-Workshop on Waste Minimization and Management”**

February 08, 2019  
CAS Little Theatre  
Benguet State University

## ACTIVITY DESIGN FORM

### I. Basic Information:

Title of Activity: **“Seminar - Workshop on Waste Minimization and Management”**

Date and Venue: **February 8, 2019 (Friday)  
8:00 AM-12:00 PM  
CAS Little Theatre, Benguet State University**

Target Participants: **Student Leaders of BSU**

Estimated Cost: **PhP 5,880.00**

Fund Source:

Proponents/Implementers: **Department of Biology, CAS and Young Environmentalists' Society (YES)**

Cooperating Agencies/Units: **Ecological Waste Management Sector, EMB-DENR CAR**

### II. Rationale:

One of the environmental problems of the Philippines especially in urban areas is the improper solid waste disposal. Even in residential and institutional areas, improper waste management is identified as one of the issues that needs to be addressed. Addressing issues on this would involve waste minimization and management. In waste minimization, there must be policies and processes to reduce the production of waste at society and individual level. It is also looking into the use of source reduction or environmentally sound recycling method. When considered as a source reduction method, it would include any practice that reduces the quantity and/or toxicity of pollutants entering the waste stream prior to recycling, treatment or disposal.

The Philippine government has signed into law the Republic Act No. 9003 otherwise known as Ecological Solid Waste Management Act of 2000. The law provides management mechanisms and requests all local government units (LGU's) to establish an ecological solid waste management program within their jurisdiction. In support to this target the Department of Environment and Natural Resources (DENR) have conducted trainings to assist and train LGU's and other groups, agencies and organizations. In a wider scope, the Colleges and State Universities, even Secondary and Elementary schools must also have a solid waste management program.

In response, Benguet State University through the Young Environmentalist Society (YES) and the Department of Biology of the College of Arts and Sciences (CAS) joins the celebration of National Zero Waste Month. Student leaders will be invited to an information education campaign and a workshop on waste minimization and management. This activity will serve as an opportunity and an important undertaking to learn more and have a deeper understanding about waste segregation, minimization and management. With this endeavour, we will be able to show our support in protecting our environment.

### III. Objectives:

1. Identify and understand waste minimization and management strategies or techniques;
2. Inculcate awareness on the need for waste minimization and management.
3. Formulate waste management programs, strategies and policies for possible implementation in the University and community.

## ACTIVITY DESIGN FORM

### IV. Target Participants: 76 Participants from BSU

- 15 Dep't. of Biology Faculty and Staff
- 60 Student Leaders
- 1 Resource Speaker from Ecological Waste Management Sector, EMB-DENR CAR

### V. Management:

Program: "Seminar - Workshop on Waste Minimization and Management"

Time	Activity	Person-In-Charge
7:30-8:00	Registration	<b>CEDRIC JAMES W. ANIPEW</b> <i>Assistant Secretary, YES</i>
8:00-8:30	Invocation	<b>KHYLE W. PALTICAN</b> <i>Treasurer, YES</i>
	National Anthem	<b>ELOISA M. LACADEN</b> <i>PIO, YES</i>
	Opening Remarks	<b>JILL P. DOMALEW</b> <i>President, YES</i>
	Introduction of Resource Person	<b>MILDRED L. MALINIAS</b> <i>Secretary, YES</i>
8:30-10:00	Lecture Proper	<b>MR. DWIGHT A. DAODAO</b> <i>Senior Environmental Management Specialist</i>
10:00-11:00	Workshop on the Formulation of Waste Minimization & Management Programs	<b>MR. DWIGHT A. DAODAO</b> <b>YES OFFICERS &amp; BIOLOGY FACULTY MEMBERS</b> <i>Facilitators</i>
11:00-11:45	Presentation of Outputs	<b>REPRESENTATIVE LEADER</b> <i>from each College/Institution</i>
	Evaluation of Outputs	<b>MR. DWIGHT DAODAO &amp; BIOLOGY FACULTY MEMBERS</b>
11:45 -12:00	Awarding of Certificates and Token	<b>JOANNA I. ALAFAG</b> <i>Chairperson, Biology Department</i>
	Closing Remarks	<b>MARICEL A. GURON</b> <i>Adviser, YES</i>

Activity	Faculty
Budget / Food / Token	ET Dom-ogen / LF Eslava / JC Paltayan
Program Communication	Jl Alafag / JV Nabus / AMM Sandoval
Hall Preparation	JM Leung / JT Napaldet
Moderators and Facilitators	MA Guron / JP Balangen / RA Gomez Jr. / VD Lacanlale
Registration and Evaluation	DC Domondon / MM Tabon / SC Tipayno /

### VI. Date and Venue:

February 8, 2019 (Friday)

8:00 AM-12:00 PM

CAS Little Theatre, Benguet State University

## ACTIVITY DESIGN FORM

### VII. Training Mechanics:

1. **Seminar.** The resource speaker will discuss topics on waste minimization and management strategies or techniques.
2. **Workshop.** With the guidance of the resource speaker and Biology faculty members, the participants will formulate waste management programs, strategies and policies for possible implementation in the University and community.
3. **Monitoring.** After the seminar-workshop, implementation of waste management programs, strategies and policies will be monitored by the student leaders and reports will be submitted.

### VIII. Expected Output:

1. Information dissemination
2. Formulation of waste management programs, strategies and policies for possible implementation in the University and community.
3. Monitoring of the implemented waste management programs, strategies and policies.
4. Reduction of waste generated in the University and community as a result of the implemented programs, strategies and policies.

### IX. Budgetary Requirements:

Item	Unit	Unit Price	Total
AM Snacks	76 pax	PhP 30.00	PhP 2,280.00
Lunch	27 pax	PhP 100.00	PhP 2,700.00
Token for Resource Speaker	1 pax	PhP 500.00	PhP 500.00
Markers (to be used in workshop)	10 pcs	PhP 35.00	PhP 350.00
Manila Paper (to be used in workshop)	10 pcs	PhP 5.00	PhP 50.00
<b>Total:</b>			<b>PhP 5,880.00</b>

Prepared by:

  
**JOANNA I. ALAFAG**

**Subject: Invitation to Attend "Seminar - Workshop on Waste Minimization and Management"**

The *Young Environmentalists' Society (YES)*, a recognized student organization of Benguet State University, in coordination with the Department of Biology, would like to participate in the National Zero Waste Month celebration. We see this as an opportunity and an important undertaking to learn more and have a deeper understanding about waste segregation, minimization and management. With this endeavor, we will be able to show our support in protecting our environment.

Relative to this purpose, we would like to invite **3 student leaders from your college / institute** to attend a **"Seminar - Workshop on Waste Minimization and Management"** on February 8, 2019 (Friday) from 8:00am to 12:00nn at CAS Little Theater. This activity will serve as an avenue for the student leaders to be able to:

1. Identify and understand waste minimization and management strategies or techniques;
2. Inculcate awareness on the need for waste minimization and management.
3. Formulate waste management programs, strategies and policies for possible implementation in the University and community.

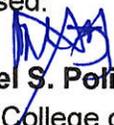

Please submit the names of participants on or before Feb. 6, 2019 at [cas.biology@bsu.edu.ph](mailto:cas.biology@bsu.edu.ph) or 0915-289-8963.

Thank you very much and we look forward to seeing you.

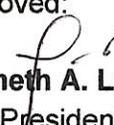

Sincerely,

  
**Joanna I. Alafag**  
Chairperson, Department of Biology

## ACTIVITY REPORT

I. **TITLE:** Seminar-Workshop on Waste Minimization and Management

II. **AGENCIES/ORGANIZATIONS INVOLVED:**

Department of Environment and Natural Resources – Cordillera Administrative Region (DENR-CAR)  
Benguet State University: College of Arts and Sciences, College of Nursing,  
College of Home Economics and Technology, College of Engineering and Applied Technology and  
Institute of Public Administration  
Department of Biology  
Young Environmentalists' Society

III. **OVERVIEW**

The whole month of January is also known as Zero Waste Month, as mandated by Presidential Proclamation no 760, dated May 5, 2014. Zero waste is defined as an advocacy that promotes the designing and managing of products and processes to avoid and eliminate the volume and toxicity of waste and materials. It is also defined as a goal that is ethical, economical, efficient and visionary to guide people in having a resourceful lifestyle, in which discarded materials can be re-designed as resources for others to use. Zero Waste Month is also pursuant to Republic Act (RA) 9003, or the Ecological Solid Waste Management Act of 2000.

In celebration, a Seminar –Workshop was done at the College of Arts and Sciences- Little Theater to understand and at the same time, create a platform for the different student leaders to take the challenge in creating environmental programs for the University in terms of Solid Waste Management.

The University confirmed in the participation of the different student leaders from the College of Arts and Sciences, College of Nursing, College of Home Economics and Technology, College of Engineering and Applied Technology and Institute of Public Administration and the faculty of Biology Department together with the Young Environmentalists Society.

IV. **OBJECTIVES**

- a) Cognitive level: identify and understand waste minimization and management strategies or techniques;
- b) Psychomotor level: formulate waste management programs, strategies, and/or policies in the University; and
- c) Affective level: draw awareness on the need for waste minimization and management in the University and community.

## V. METHODOLOGY

In support of the National Zero Waste Month, the Department of Biology in coordination with the Young Environmentalists' Society undertakes a Seminar-Workshop to learn more and have a deeper understanding about waste segregation, minimization and management by inviting the different student leaders of the Colleges and Institutes of Benguet State University to participate in the said endeavor.

The activity started with a seminar with Senior Environmental Management Specialist Dwight A. Daodao as our guest speaker. He is from the Ecological Waste Management Sector EMB-DENR. He talked and explained about Solid Waste Management, its causes, effects and plans on how to resolve the issues associated with it.

The next part of the activity was a workshop on the planning and preparation of strategies and environmental programs or activities by the participants with the theme "Less is the New More in BSU" in their own college/institute for the whole University. The Area, Specific activity, Objectives, Time frame, Materials needed, Estimated Budget, and Person involved were the keys on the plan created. Included in the workshop is the presentation and evaluation of their outputs.

## VI. ACTION TAKEN

Invitation to the different colleges and institutes of the university were given. There were five (5) Colleges who responded and actively participated in the workshop, namely: the College Arts and Sciences, Nursing, Home Economics and Technology, Engineering and Applied Technology and Institute of Public Administration.

After having more informed of new concepts from the earlier seminar presented, the participants applied it by formulating different plans and strategies for their own college/institutes. A table for plans, scrap papers, markers, ballpen and manila paper were provided and distributed for the student leaders to utilize. After having completed the template, the representatives from each college discussed and explained their proposals. Prof. Jason M. Leung and Prof. Maricel A. Guron of the Department of Biology commented after their discussion and another meeting for student leaders will be expected.

The following are the outputs of our participants:

College of Nursing

AREA	SPECIFIC ACTIVITY	OBJECTIVES	MATERIALS NEEDED	ESTIMATED BUDGET	PERSON INVOLVE
CN	Capacity Building	Retooling of Solid Waste Management Advocator.	Electronic devices, chairs, tables	10,000.00	Resource Speaker, Interested BSU students
	Information Dissemination of SWM				
BSU Admin	a. Inclusion to BSU flag ceremony b. BSU on air for broadcasting	Raise awareness of SWM	Technical facilities, flyers	500.00 10,000.00	SWM members/Resource person
Each College	Public Refilling station: Water is life	Encourage students to reuse their bottles. To reduce purchasing plastic bottles.	Initial water refill each jug. 3 water jugs/college	7,000.00	
CR/Laboratory wastes	Proper Waste disposal of special wastes	Increase the quality of cleanliness for treatment and disposal.	Trash bins	10,000.00	BSU Admin, College deans, College organizations

College of Arts and Sciences,

AREA	SPECIFIC ACTIVITY	OBJECTIVES	MATERIALS NEEDED	ESTIMATED BUDGET	PERSON INVOLVE
	WACS	To identify sources of student's wastes and to characterize waste for its management.	Coded bins, garbage bags		CAS students, to be led by officers. CAS faculty
	ART UPCYCLING/ VERTICAL GARDENING	For waste reduction at the same time for additional beautification of the building	Pet bottles, wires, flowers/herbal		CAS students
	IEC Module	Awareness of students about waste minimization, water and energy conservation	Flyers, posters		CAS students
	Enhancement of NO PLASTIC USE	To improve the implementation of no plastic use within the university	Initial water refill each jug. 3 water jugs/college		Establishment personnel, students

College of Engineering and Applied Technology,

AREA	SPECIFIC ACTIVITY	OBJECTIVES	MATERIALS NEEDED	ESTIMATED BUDGET	PERSON INVOLVED
Waste minimization	Composting for biodegradable wastes	To lessen the waste disposal of the college	Digging tools	<100.00	CEAT students
Energy saving	Daily monitoring of unnecessary plugged electronics	To decrease the current consumption			Utility and officers
Water saving	Close more to store more	To decrease the usage of water	Printing materials	<100.00	everyone
Pumapel sa kalikasan	Double sided printing	To dwindle in the over usage of papers			everyone
Waste minimization	Recycling/reusing	To lower waste disposal	Welding materials	<100.00	CEAT students
Waste minimization	Seminar/workshops on waste and consuming	To inform/inculcate to students waste management	Printing/writing tools	<500.00	Students/officers
Waste management	No Red-Policy	Downside the spitting of momma anywhere	Constructing materials	<1000.00	Violators of spitting momma
Water-saving	Provided drinking water for students	To lessen the buying of dinks in bottled water	Dispenser		CEAT students

Here are some of the photo-documentations taken during the event:

Senior EMS Dwight A. Daodao giving his lecture on Waste Minimization

Participants during the Seminar held at CAS Little Theater

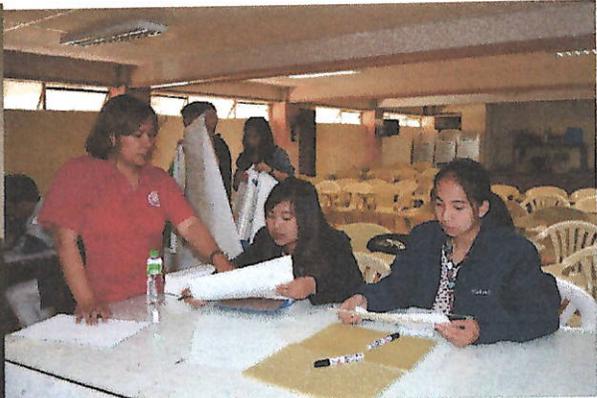

Presentation of BSU's Initiative in "Less is the new more in BSU" by Prof. Maricel Guron

Dr. Romeo A. Gomez Jr. Giving the Closing Remarks

Awarding of Certificate and giving of token to our Guest Speaker

IPA, CHET and CEAT Participants with Prof. Guron during the workshop

CAS and CN Participants with Prof. Guron during the workshop

Group Picture Taking of Participants with the Guest Speaker and Biology Faculty

## VII. SUMMARY

A lot of knowledge was shared and learned by the participants, achieving the objective on the cognitive level. After lecture, a workshop was done by the participants, headed by the Biology faculty and YES officers. The different representative from each college talked about their strategies and plans for their Solid Waste Management in their own college and evaluation of their outputs was done.

Creating an Environmental code for the University is the goal for the said activity in forming different strategies and plans for the Solid Waste Management of the campus and is expected to continue.
